Does the facility have a construction and demolition (C/D) cell as part of the permit (not operated under a separate permit number)? Yes _____ No X

If facility was permanently closed during the year enter date closed: _____

Annual Disposal

Total facility tons: 7936 or cubic yards: 15,872

If separate tonnages are available

Municipal tons: _____ or cubic yards: _____

C/D tons: _____ or cubic yards: _____

Industrial tons: _____ or cubic yards: _____

Conversion Factor used

- ☒ No conversion factors used
☐ Conversion factor from rules (R315-302-2(4)(c)) used
☐ Site specific conversion used Please list: _____

Tons Recycled: _____

Cubic Yards Recycled: _____

Financial Assurance

Current Closure Cost Estimate: \$ 85,159.00

Current Post-Closure Cost Estimate: \$ 42,570.00

Current Financial Assurance Mechanism: LOCAL GOVT ~~TEST~~ TEST
(ie. Bond, Trust Fund, Corporate or government Test etc.)

Financial Assurance Mechanism Holder: PTIF #4019
(ie. Name of Bond Company, Bank etc.. If PTIF Account give account number)

Current Amount or Balance in Mechanism: 397,271.51

Other Required Reports

Financial Assurance: Each facility must recalculate the cost of closure and post-closure care to account for inflation and design changes each year. The recalculation, along with proof that the new cost estimates are fully covered by the assurance mechanism currently be utilized, must be submitted. Facilities that are using a trust account should include a copy of the most recent account statement.

Note Facilities using "Local Government Financial Test" must provide the information required in R315-309-3(7)(d) each year.

Ground Water Monitoring: Each facility that is required to monitor ground water must submit a ground water monitoring report that contains water elevations, sampling results, and statistical analyses. Check box if facility is exempt from ground water monitoring ☒

Explosive Gas Monitoring: A gas monitoring report must be included unless the facility is a Class II landfill that has receive an exemption, a Class III, IV, or VI landfill, or any other facility that has an exemption.

Check box if facility is exempt from gas monitoring ☐ ATTACHED REPORTS

Training Report: A report of all training programs or procedures completed by facility personnel during the year. ARE ATTACHED

Signature: [Signature] Date: 3-9-06

Signature should be by an executive officer, general partner, proprietor, elected official, or a duly authorized representative. A duly authorized representative must meet the requirements of the solid waste rules (UAC R315-310-2(4)(d)).

RE: Moab Landfill Methane Gas Monitoring

Gentlemen:

On January 27, 2005 I conducted an inspection of the Moab Class IV District landfill near Moab. The objective of this inspection was to monitor for combustible gas. A BioSystem PhD Plus atmospheric monitoring instrument was used. Prior to monitoring, the meter was calibrated according to the manufacturer's instructions. Monitoring was done at the perimeter corners of the fence surrounding the landfill, along the covered waste, at the entrance and operators shed. No combustible gas was detected at any of the monitoring points.

If I can be of further assistance, feel free to call.

Sincerely,

David Ariotti
Southeast District Engineer

Thomas Edwards
Grand County Solid Waste Management
P.O. Box 980
Moab, UT 84532
United States

Dear Thomas Edwards:

Mailing Address:

Post Office Box 7219
Silver Spring, MD
20907-7219

Thank you for renewing your membership in the Solid Waste Association of North America (SWANA)! We very much appreciate your continued support.

Your membership card continues to be the key to opening the door to all powerful advantages that only SWANA professionals hold! Our members tell us that there are four keys to maximizing the value of a SWANA membership.

Association Offices:

1100 Wayne Avenue
Suite 700
Silver Spring, MD
20910

Attend your SWANA Chapter meetings. Become involved with committees and projects that network you with other industry professionals as you work together to continually improve conditions related to waste management in your area.

Make plans to attend WASTECON (the only solid waste expo run by and for solid waste professionals like yourself). You can find information about this annual event on-line at www.WASTECON.org.

Consider becoming SWANA Certified to enhance your effectiveness as a professional in our industry. SWANA offers numerous training programs, including Home Study courses!

Phone: 301-585-2898

Join one or more SWANA Technical Divisions each offering a wealth of information! Connect to the people, technologies and research in your field.

Fax: 301-589-7068

We invite you to re-familiarize yourself with all of SWANA's member benefits by visiting www.swana.org. Please also feel free to contact our **Member Services Representatives** with any questions about your membership. They can be reached at 1-800-GO-SWANA (467-9262) or via the Internet at <member@swana.org>.

www.SWANA.org
www.SWANASTore.com

Sincerely,

John H. Skinner, PhD
Executive Director and CEO

P.S. Would you like a membership certificate to display in your office? If so, we'd be happy to send you one to showcase your SWANA pride! Just call or write and we'll take care of the rest.

Please detach and keep for your records.

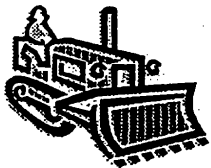

Membership Card

Please detach and keep for your records.

Subject: SWANA Recertification

Date: Tue, 10 May 2005 13:12:44 -0400

From: "David Hernandez" <dhernandez@swana.org>  [Add to Address Book](#)

To: gcswmss@yahoo.com

CC: "Meri Beth Wojtaszek" <mwojtaszek@swana.org>, "Bob Wolfe, Jr." <rwolfe@swana.org>

Hello Mr. Edwards,

Thank you for attending the MOLO Course in Vegas this past April. By attending the 3-day MOLO Course, you have met the minimum 30 CEU requirement necessary for Recertification. We also received your Recertification Application. Unfortunately, at this time we will not be able to accept your application. Since your current Landfill Certification expires on 4/22/07, you will need to wait until 4/22/06 (1 year before your certification expires) to submit your application. Also, you'll be happy to know that we have not charged you the \$150 Recertification Fee.

Starting 4/22/06 you may submit your Recertification Application and Fee and you will be certified for an additional 3 years. We hope that you will continue to further your education even though you have already acquired your 30 CEUs. SWANA offers a multitude of learning and education opportunities, whether through our various Training Centers, Symposia, or Conferences or through our various Online E-Sessions, E-Courses, and more. Our online products are a great way to bring training into your office to share and educate your staff.

Please let me know if I can be of further assistance and...

Thanks for being SWANA Certified!!!

David Hernandez
Certification Coordinator
SWANA - The Solid Waste Association of North America

Subject: Risk Management Conference

PLEASE DISTRIBUTE TO ALL DEPARTMENT HEADS

UTAH LOCAL GOVERNMENTS TRUST is pleased to announce a Risk Management Conference on August 15-19, 2005.

The following training is FREE:

. Managing Public Nuisance Issues

Time: 9:00am - 10:30am

Abstract: Citizens frequently approach government officials to ask them to solve various problems in their lives. Often citizens characterize these problems as "Public Nuisances." Attendees of this class will learn what constitutes a "public nuisance" and what is a "Private nuisance," how municipalities should address these two different issues, what public nuisances really are, and what municipalities can do to protect themselves from legal liability when dealing with nuisances.

. Rights and Responsibilities Associated with Employee Discipline and Termination

Time: 10:30am - 12:00pm

Abstract: The number of lawsuits arising out of terminations, lay-offs, promotions, demotions, reductions in force (RIF), harassment, and alleged discrimination increased dramatically in the last 20 years and the trend continues unabated. A 1998 survey by the Los Angeles Times indicated that Plaintiffs prevail in 70% of such cases with an average jury verdict in excess of \$500,000. Nationwide, employers lose 60% of cases with an average jury verdict in excess of \$160,000. With the level of potential liability staring you in the face each time you discipline or terminate an employee, why wouldn't you want to understand the right way to do it. This class is designed to help supervisors and elected officials understand statutory and constitutional requirements, rights of employees during a disciplinary or termination action, and their responsibilities in complying with those requirements.

. Avoiding Slips, Trips, Falls

Time: 1:00pm - 2:30pm

Abstract: This class will focus on what entities can do to reduce the risk of citizens and employees slipping, tripping, and falling on city property and sidewalks. Understanding this issue can reduce the entity's exposure to third party civil liability claims and workers compensation liability.

. Understanding and Complying with Federal Employee Rights Acts (ADA, DEA, FMLA, HIPAA)

Time: 2:30pm - 4:00pm

Abstract: Employees have been provided with a wide variety of employment-related rights dealing with scheduling, compensation, leave, the accommodation of employee disabilities, and family medical issues. The Americans with Disabilities Act is a federal law which prohibits employers from discriminating against people with disabilities who are

ROBBRIES

Deterrence

1. Lock the shack when away from immediate area of the shack.
2. Avoid confrontational situations. Never fight with unruly customers. Call the office, or if necessary, call the Sheriff's Office.

If a robbery occurs

1. Don't panic. Try to stay calm while listening to the robber's instructions.
2. Cooperate with robbers. Only fight back if you have to protect your self. Don't take any risks to save money or property! Your safety and well being are more important to the District.
3. Observe the robbers physical characteristics, but try not to stare.
 - a. Height, build, eye and hair color.
 - b. Scars, marks, or tattoos.
 - c. Tone of voice, statements or mannerisms.
 - d. Type and color of clothing.
 - e. Type and color of vehicle.
4. Don't follow or chase the suspect.

After the robbery

1. Call the office and sheriff when safe to do so.
2. Ask any witnesses to stay and write down what they saw. You can't force them to stay however.
3. Write down all details you remember yourself.
4. Don't touch anything that the robber may have touched.
5. Don't estimate how much money was taken until a complete check can be made.
6. Always cooperate with the Police/Sheriff or other law enforcement.
